

SHAPING THE FUTURE

EARLY EXPERIENCE LAUNCH

Dear Doc. Bellone,

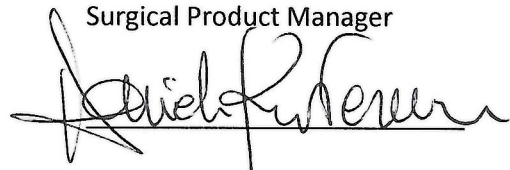

You are cordially invited to the **AcrySof® IQ Vivity® IOL** Early Experience meeting. The pre-launch meeting will be hosted on **Friday, November 15th, from 8:30am to 13:30pm** at the Alcon Experience Center in Barcelona, Spain.

As part of this program, we will explore the innovative Wavefront-Shaping technology¹ behind the **AcrySof® IQ Vivity® IOL** and see how it creates an extended focal range with the halo and glare profile of a monofocal.² I hope you are as excited as we are by the opportunity to bring this unique new presbyopia-correcting IOL to you and your patients.

Thank you for your contribution to the **AcrySof® IQ Vivity® IOL** and for your ongoing partnership with Alcon. Your commitment and expertise are invaluable to our dedicated effort to help patients leave halo and glare behind.

Sincerely

Daniela Kustermann
Surgical Product Manager
